

## **Key Stage One RE**

### **The Story of Noah**

In your RE work you will be finding out about a very famous story from the Bible. (See attached story in the folder if you want to offer it).

The story of Noah is about hope. Some people hope for peace, others might hope for their family, pets, friends, or for a fairer or more caring world.

At the end of the story, Christians and Jewish people believe God placed a rainbow in the sky to promise hope. Many people are making rainbows in the windows at the moment.

Could you make a rainbow? In each colour can you write all the things that you hope for? What are the most important hopes at this time?
